

Chemtax and Datatex at CITME2002
Beijing October 15-19, 2002
Stand 8F184 Hall 8A

The 8th China International Textile Machinery Exhibition (CITME2002) with 850 exhibitors, 31 technical seminars and more than expected 100000 visitors is one of the four biggest textile machinery exhibitions in the World.

Datatex - Textile Management Solutions with its Business Partner **Chemtax Industrial Co** will attend this important fair to present to the textile industries TIM, the ERP market leader in textile manufacturing.

TIM, that has proved to be the best information system to help the textile manufacturers to reach their management targets, is available also in Chinese.
