

## Datatex and Chemtax at SHANGHAITEX 2009

Datatex, in cooperation with Chemtax, attended Shanghaitex 2009, from June 12<sup>th</sup> to June 15<sup>th</sup>, to demonstrate the most advanced Information Technology solutions to support the business processes of the textile and apparel industries. From order entry to production, shipment and billing, the Datatex solution is an integrated approach to the whole textile and apparel supply chain.

Datatex solutions are Web-based and use J2EE and XML to facilitate network links with customers and supply-chain partners.

Datatex ERP solution was analyzed with great interest by Chinese textile entrepreneurs in more than 50 demos. The demos showed also specific products for planning, machine scheduling, shop-floor data collection (CAMS) and fabric inspection & optimization (CATS).
